hose & braid a Hyspan company

**LINED INTERLOCKED METAL HOSE**  
**EASYFLO STAINLESS STEEL HOSE**

**Bulletin #204**

As one of the founding companies in the metal hose industry, UHB has been the #1 choice for galvanized and stainless steel interlocked metal hose since 1942!.

UHB EASYFLO stainless steel strip-wound interlocked flexible metal hose is available in #304 s/s with #304 s/s liner. We also offer a variety of other stainless steel grades and the hose can be made from up to 6 different strip gauges. UHB flexible lined interlocked hose is used for grain distribution, plastic pellet handling, bulk material handling or just about any situation where flexible metal hose is a necessity. This strip-wound stainless steel interlock hose can handle up to 1000 degrees F. Please refer to the chart below or contact the factory for more detailed ordering information.
