

## ANAMET ULTRAFLEX SQUARELOCK

Bulletin #207B

What is Universal Hose & braid Anamet Ultraflex Squarelock? It is flexible metal hose made from 304 grade stainless steel traditional sizes.

**UHB Squarelock** construction provides excellent protective armor over wires, fiber optics and other hoses. In addition to being flexible, this protective casing also has the ability to be either fully compressed or fully expanded, depending on what your application demands.

**UHB** offers other Anamet products in interlock styles. All Anamet products are available for custom applications. Custom sizes and attachments may be available. Contact our sales staff for assistance.

### STANDARD APPLICATIONS

**\*Armor protection over wires and fiber optic communication cables**

**\*Wear protection over aerospace and avionic cable assemblies and hoses**

**\*Blow Out Protection over other high pressure hose assemblies**

## ALL Material—SS304

<u>Base Part No.</u>	<u>ID/ Description</u>	<u>material thickness</u>	<u>Weight</u>
460610	1/8" squarelock	0.008	0.020lbs
460613	5/32" squarelock	0.010"	0.035lbs
460616	3/16" squarelock	0.010"	0.040lbs
460619	7/32" squarelock	0.010	0.045lbs
